

Let's Pretend

In the book Mad About Minibeasts there are lots of different minibeast and they all move in different ways. Can you.....

fly like a butterfly

crawl like a caterpillar

slither like a worm

Everyday!

In Nursery, everyday we talk about what day it is.

Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday.

What day is it today?

What day was it yesterday? What day will it be tomorrow?

Everyday in Little Buds and Nursery, we talk about the weather.

Is it sunny?

Is it cloudy?

Is it raining?

Do you feel warm today?

Do you feel cold?

The children can use these pictures to help them describe the weather.

Routines

Even though we are all at home, we still need to have some routine!

Make sure your child goes to bed at a sensible time, has 12 hours sleep and you wake them up at a sensible time!

DID YOU KNOW

Parents who just talk as they go about their daily activities expose their children to 1000-2000 words every hour.

Talk Together

Look carefully when you are on your daily walk or when you are outside. What minibeasts can you see?

Count how many minibeasts you can see?

What other minibeast can you see?

slug snail fly beetle
earwig ant stick insect

Nursery Rhyme Time

Incy Wincy Spider climbed the water spout.

Down came the rain and washed the spider out.

Out came the sunshine and dried up all the rain.

So, Incy Wincy Spider, climbed up the spout again.

50 Things To Do Before You're 5 #9 Mini Beasts and Bug Hunting

If you're lucky enough to have a garden, there will be bugs, beetles and worms to be seen. Many minibeasts like to live in dark, damp places so go on a hunt, looking under rocks, inside logs and cracks in tree bark. Piles of deadwood, often found in woodlands, are popular places to find a range of minibeasts. You can also try looking for minibeasts on walls, or even peering through long grass!

Place some white material (an old pillow case or something similar) on the ground under a branch and then give it a shake – you will be surprised how many creatures fall out. Use a magnifying glass or a bug box so you can see the creatures more clearly.

Remember that these tiny creatures are likely to be afraid and need to be handled carefully to avoid harming them. Always put them back in the same place as you found them.

Try downloading the 50 Things to do before you're 5 app on to your phone for more ideas.

Little Buds and Nursery Home Learning Pack

Hello again Little Buds and Nursery children,

How are you? What have you been doing while you have been staying safe at home?

Your Little Buds and Nursery teachers have been missing you so much, we can't wait to see you all again, but for now, you must stay at home with your grown ups and stay safe.

We have put some lovely activities for you to have a go with, on this sheet.

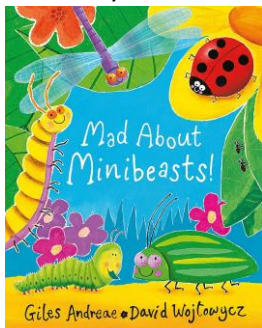

We would love to see what fun things you have been doing at home and you can send photos of you having a fantastic time to homelearning@greenlane.ngfl.ac.uk We can't wait to see your photos!

Have fun, take care and be good for the grown ups in your house.

Lots of love from, all your teachers in Little Buds and Nursery xxxxx

Let's read together!

This week we are looking at the book "Mad About Minibeasts". There are lots of minibeasts in this book and it is a book of rhymes. Don't worry if you haven't got the book at home, search for the story on You Tube.

Search for Green Lane Primary School Bradford on You Tube to hear Mrs Allinson reading the story.

Mark Making

Can you draw a minibeast?

This is a ladybird, it is red with black spots,
Can you draw a ladybird?

Can you write your name?
Ask mum or dad to write your name and
you could write it too!
