

Starting school is a very exciting time, as parents we need to make sure children have lots of practical skills, but we also need to think about other things, before school starts.....

Foster a love of reading, by reading with your child every day.

Talk about what happens at school, get them excited!

Give children opportunities at practising how to take turns and share toys.

Label all your child's clothes, you don't want them to lose anything!

Have a good bedtime routine.
Children need 12 hours sleep.

Sing nursery rhymes with your
children.
