

Direct result of Sports Funding at Green Lane 2019-20

For the academic Year September 2019 to July 2020 the school will receive £21,080.00 PE and Sport Premium Funding. We must use the funding to make additional and sustainable improvements to the quality of PE and sport on offer to pupils. The total spent was £25,834.

This means we will use the premium to:

- 1. Maintaining high standards of PE teaching across school (referring to the aims below)**
- 2. To make improvements now for future pupils.**

The 5 key indicators where improvements should be seen are:

- 1. Have high standards of P.E teaching across school.**
- 2. The profile of PE and sport is raised across the school as a tool for whole school improvement.**
- 3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.**
- 4. Broader experience of a range of sports and activities offered to all pupils.**
- 5. Increased participation in competitive sport**

Swimming report 2019-

Swimming is an important skill and can encourage a healthy and active lifestyle. In accordance with the National Curriculum, schools must provide swimming instruction either in Key Stage 1 or Key Stage 2.

	Number of children who were assessed as non-swimmers in Sept 19	Number of children that can swim competently and confidently and proficiently over a distance of 25meters	Number of children who can use a range of strokes effectively	Number of children that can perform safe self-rescue in different water based situations
Number of children in cohort - 90	99%	67%	55%	53%

Green Lane has used the Primary and Sport Premium to provide swimming for pupils that goes over and above the National Curriculum requirements. There has been a decrease in the percentage of children who achieved a higher degree of swimming competence due to COVID-19 and the closure of swimming pools and reduced curriculum in schools.

Focus for 2020-21:

- Maintaining standards by ensuring staff are skilled in the teaching of P.E
- Develop cycling culture in school which encourages children to cycle or scooter to school.
- Build a bike / scooter rack so that children can bring them to school and leave them safely. Encourage them not to use cars for coming to school.
- Improve provision of cycling / scooter resources in school.
- Getting children active on a regular basis- not just playing games but strategic activities which boost fitness.
- Targeting opportunities for more movement in a child's day.
